

ALMEXA is a leader in the design and manufacture of innovative, high-value-added Aluminum products and solutions for a wide range of applications and diverse industries: AUTOMOTIVE AND TRANSPORT, CONSTRUCTION, COOKWARE, ELECTRONICS, ELECTRICAL, AND OTHER INDUSTRIAL SOLUTIONS.

**ALMEXA is the subsidiary division of industrial products of Grupo Vasconia.** ALMEXA comes from the merger of the Mexican subsidiaries of ALCAN and REYNOLDS, with ALMEXA Aluminio and IMASA Industria Mexicana del Aluminio.

## FACTORY

ALMEXA offers one of the most diverse product lines in the flat aluminum industry. It has a DC direct casting plant, located in Cuautitlán Izcalli, in the State of Mexico, and one in Veracruz, which is currently under construction. We offer an Integral Process from casting to cutting.

## Key Strengths

### Fast and Reliable Delivery:

In just 4 weeks after receiving the purchase order and the signed technical sheet.

MX

### Made in Mexico:

Complies with the automotive industry standards and qualifies as USMCA content.

### Specialized Technical Advice:

Expert engineers who recommend the optimal alloys and treatments for each application.

### Sustainable and Profitable:

The 3105 alloy, made with 100% recycled scrap, reduces costs and minimizes environmental impact.

## SUSTAINABILITY – THE CORE OF OUR BUSINESS.

Sustainability is a natural part of ALMEXA's business and core strategy, continually expanding the use of infinitely recyclable Aluminum to meet the highest standards and reduce energy consumption.

## ENVIRONMENTAL FOOTPRINT

As an Aluminum recycler and a leading producer of Flat Rolled Aluminum, ALMEXA works to develop Aluminum alloys with a low carbon footprint. ALMEXA currently offers low-carbon Aluminum through our recycled Aluminum brand, RECYCAL™.

## PRODUCTS COIL, DISC

### Alloys in all tempers:

Alloys 1100, 1350, and 1050, 3003, 3003M, 3004, 3105, 5005, 5052, 5754.

### Thicknesses:

Sheet: 0.45mm – 4.0 mm (0.017" - 0.157")

Plate: Check viability with a consultant

Width:

Coil/Strip: 160mm - 1,219mm (6.29" - 48")

## CERTIFICATIONS

Industry-leading quality certifications, including ISO 9001, Clean Industry (Industria Limpia), and Inclusive Company (Empresa Inclusiva). We apply the IATF 16949 (International Automotive Task Force) methodology to all our automotive customer accounts, backed by annual internal audits to ensure compliance and continuous improvement.
